MICROSOFT CORPORATION SAVINGS PLUS 401(k) PLAN

Name of issuer of the securities held pursuant to the plan and the address of its principal executive office:

Full title of the plan and the address of the plan, if different from that of the issuer named below:

Microsoft Corporation One Microsoft Way Redmond, Washington 98052-6399

EXPLANATORY NOTE:

This Amendment No. 1 to our annual report on Form 11-K is being filed to include the conformed signature of Deloitte & Touche LLP on the Report of Independent Registered Public Accounting Firm, which was inadvertently omitted from the original filing. The content of the report is otherwise unchanged.

REQUIRED INFORMATION

The Microsoft Corporation Savings Plus 401(k) Plan (the Plan) is subject to the Employee Retirement Income Security Act of 1974 (ERISA). Therefore, in lieu of the required information outlined as Items 1-3 of the Form 11-K, the statements of net assets available for benefits and the related statements of changes in net assets available for benefits for 2012 and 2011, which have been prepared in accordance with the financial reporting requirements of ERISA, are attached hereto as Appendix 1 and incorporated herein by this reference.

SIGNATURES

The Plan. Pursuant to the requirements of the Securities and Exchange Act of 1934, the trustees (or other persons who administer the employee benefit plan) have duly caused this Amendment No. 1 annual report on Form 11-K to be signed on its behalf by the undersigned hereunto duly authorized.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrators of the Microsoft Corporation Savings Plus 401(k) Plan Redmond, WA

We have audited the accompanying statements of net assets available for benefits of Microsoft Corporation Savings Plus 401(k) Plan (the "Plan") as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2012 and 2011, and the changes in net assets available for benefits for the years ended December 31, 2012 and 2011 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year as of December 31, 2012, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2012 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

/s/ DELOITTE & TOUCHE LLP

Seattle, Washington

MICROSOFT CORPORATION SAVINGS PLUS 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Microsoft Corporation Savings Plus 401(k) Plan (the "Plan"), a defined contribution plan, is sponsored by Microsoft Corporation (the "Company" or "Microsoft"). Participating employers included in the Plan are Microsoft Corporation; Microsoft Licensing, GP; MOL Corporation; Vexcel Corporation; Microsoft Online, Inc; Microsoft Payments, Inc; Microsoft Open Technologies, Inc; and Twisted Pixel Games. These entities represent Microsoft or wholly owned subsidiaries of Microsoft. MSNBC Interactive News, LLC ("MSNBC") was included in the Plan through July 13, 2012 at which point it was no longer considered a participating employer due to Microsoft's divestiture of its 50% share in the MSNBC joint venture. No forced distributions of former MSNBC employee assets has occurred but these former employees are no longer eligible to participate in the Plan. The Plan year is January 1 through December 31. The Plan is administered by the 401(k) Administrative Committee and subject to the provisions of the Employee Retirement Income Security Act of 1974. The information below summarizes certain aspects of the Plan. This is a summary only; Plan participants should refer to the Plan Document for more complete information.

Accounting Principles: The financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America.

Eligibility: Regular and retail services employees of participating employers who are on U.S. payroll and have reached age 18 may enroll in the Plan at any time.

Eligible Compensation: Eligible compensation includes wages, salary, bonuses, commissions, and overtime. Compensation does not include, for example, items such as stock awards, any amounts realized on the exercise of Microsoft stock options, reimbursements or other expense allowances, fringe benefits (cash and noncash), moving expenses, deferred compensation, welfare plan benefits including health or life insurance, or any bonuses or expense allowances which are not based upon performance as an employee.

Recasting of Certain Prior Period Information: We have recast certain prior period amounts within Note 6 to conform to the current year presentation.

Contributions:

Participant Contributions

Participants may contribute to the Plan on a pre-tax basis and/or on an after-tax Roth basis from 1 percent to 50 percent of their eligible compensation per pay period, subject to regulatory limitations. Participants may also contribute from 1 percent to 7 percent of their eligible compensation per pay period in after-tax non-Roth contributions to the Plan. Participants reaching age 50 or older by the end of the Plan year and who are making the maximum regular employee pre-tax and/or after-tax Roth elective contributions to the Plan may also elect to make additional catch-up contributions to the Plan on a pre-tax and/or after-tax Roth basis of 1 percent to 75 percent of their eligible compensation per pay period. Participant contributions may be suspended at any time and reinstated at any subsequent entry date.

Participants may also choose to make rollover contributions to the Plan of amounts received from an eligible employer plan maintained by another company, including direct rollovers from such plans.

Employer Contributions

The Company makes a pre-tax matching contribution of \$0.50 for every \$1.00 (up to a 6 percent combined pre-tax and after-tax Roth contribution rate) contributed. Participants are matched only on pre-tax and after-tax Roth contributions and do not receive a match on after-tax non-Roth contributions or catch-up contributions. The maximum Company match is 3 percent of the participant's eligible compensation, subject to regulatory limitations.

Sentillion Inc. and Skype Inc. were acquired by the Company in 2010 and 2011, respectively, and their plan assets merged within the Plan during 2012. The merged amounts are included as transfers in on the Statement of Changes in Net Assets Available for Benefits.

ESOP Feature: The Plan includes an Employee Stock Ownership Plan ("ESOP") feature for the portion of the Plan designed to invest primarily in Microsoft Common Stock. The ESOP feature allows participants to either reinvest their cash dividends earned on Microsoft Common Stock or receive those dividends in cash. Amounts invested in Microsoft Common Stock are treated as being held through the ESOP, provided that at the time such amounts were received by the Plan (e.g., through contributions or transfers), the participants whose Plan accounts received such assets were employed by Microsoft or a corporation that is part of the same controlled group of corporations as Microsoft.

Participants who are not employed by an employer that is established as a corporation that is part of the same controlled group of corporations as Microsoft may not participate in the ESOP but may invest their contributions and earnings in Microsoft Common Stock. Employees that are not eligible to participate in the ESOP feature are not eligible to receive dividends on Microsoft Common Stock in cash paid directly to them. Instead, dividends paid on contributions invested in Microsoft Common Stock and the earnings that accumulate on those contributions will automatically be reinvested in Microsoft Common Stock.

Participant Accounts: Each participant's account is credited with the allocation of (a) the Participant elective deferrals (i.e. participant contributions) and the Company's matching contribution (i.e. employer contributions) and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. All amounts in participant accounts are participant-directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are fully vested in all Plan accounts at all times.

Distributions: Active participants may take a withdrawal from the Plan in the event of a financial hardship. A hardship withdrawal is limited to the following participant account types: pre-tax and after-tax rollover accounts, after-tax accounts, pre-tax contributions, and pre-tax catch-up contributions. A hardship withdrawal will result in a six-month suspension of contributions to the Plan. Active participants may withdraw all, or any portion, of the balance in their accounts after reaching age 59 ½. Distributions may also occur if the participant terminates employment, retires, becomes permanently disabled, or dies. Distributions of investments in Microsoft Common Stock may be taken in the form of Microsoft Common Stock or cash.

Administrative Expenses: Plan administrative expenses are currently paid by the Company to the extent not offset by expense reimbursements. Certain mutual funds offered in the Plan pay reimbursements back to Fidelity Management Trust Company ("Fidelity"), the Plan trustee. These reimbursements are in turn used to pay the trustee for Plan administrative expenses.

Participants are responsible for fees associated with certain transactions such as loan originations and maintenance, Domestic Relations Order qualifications, and dividend checks. Participants also pay commission charges to Fidelity for buying and selling Microsoft Common Stock within the Plan.

Plan Amendment and Termination: Although it has not expressed an interest to do so, the Company has the right to modify, amend, suspend, or terminate the Plan at any time and for any reason. If the Plan is terminated, all account balances will be distributed in the form and manner determined by the Plan Administrator.

Risks and Uncertainties: The Plan utilizes various investment instruments, including common stock, mutual funds, common collective trusts, and separately managed accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from these estimates. The Plan has no contingent assets or liabilities.

Valuation of Investments: Investments are recorded at fair value. Security transactions are accounted for as of the trade date. Dividend income is recorded on the ex-dividend date, and interest income is recorded as earned.

Participant Loans: Participant loans are recorded at principle balance and participant loans deemed distributed due to default are included in Benefits paid to participants on the Statement of Changes in Net Assets Available for Benefits.

Other Receivables and Payables: Other receivables consist primarily of unsettled trades and accrued interest. Other payables consist primarily of unsettled trades.

Recently Adopted Accounting Guidance: On January 1, 2012, we adopted guidance issued by the Financial Accounting Standards Board ("FASB") on accounting and disclosure requirements related to fair value measurements. The guidance limits the highest-and-best-use measure to nonfinancial assets, permits certain financial assets and liabilities with offsetting positions in market or counterparty credit risks to be measured at a net basis, and provides guidance on the applicability of premiums and discounts. Additionally, the guidance expands the disclosures on Level 3 inputs by requiring quantitative disclosure of the unobservable inputs and assumptions, as well as description of the valuation processes and the sensitivity of the fair value to changes in unobservable inputs. Adoption of this new guidance did not have a material impact on the Plan's financial statements.

Recent Accounting Guidance Not Yet Adopted: In December 2011, the FASB issued guidance enhancing disclosure requirements about the nature of an entity's right to offset and related arrangements associated with its financial instruments and derivative instruments. The new guidance requires the disclosure of the gross amounts subject to rights of set-off, amounts offset in accordance with the accounting standards followed, and the related net exposure. In January 2013, the FASB clarified that the scope of this guidance applies to

derivatives, including bifurcated embedded derivatives, repurchase agreements and reverse repurchase agreements, and securities borrowing and securities lending transactions that are either offset or subject to an enforceable master netting arrangement, or similar agreements. The new guidance will be effective for the Plan beginning January 1, 2013. Other than requiring additional disclosures, we do not anticipate material impacts on the Plan' financial statements upon adoption.

NOTE 2: INVESTMENTS

All contributions to the Plan are held and invested by Fidelity, trustee of the Plan. Participants are responsible for deciding in which of the investment options their Plan assets will be invested and can choose any of the investments offered. Full descriptions of the investments can be found in the prospectus (for mutual funds and Microsoft Common Stock) or the investment fact sheet (for all investments except Microsoft Common Stock).

The balances of investments held by the Trustee, other than separately managed accounts, which represented 5 percent or more of net assets available for benefits as of either December 31, 2012 or December 31, 2011, are as follows:

December 31,	2012	2011
Fidelity Growth Company Fund	\$859,265,382	\$685,010,872
Fidelity Contrafund	\$820,684,785	\$689,204,966
Microsoft Common Stock	\$692,033,346	\$685,134,023
Vanguard Institutional Index Fund	\$674,165,401	\$563,426,564
BlackRock LifePath Index 2030	\$482,225,805	*
BlackRock LifePath Index 2040	\$468,022,857	*
Fidelity Institutional Money Market Fund	*	\$381,175,900

^{*} Balance was less than 5 percent of the Plan's net assets available for benefits

During 2012 and 2011, the net appreciation (depreciation) in the fair value of investments was as follows:

Year Ended December 31,	2012	2011
Mutual funds	\$391,597,100	\$ (34,813,346)
Separately managed accounts	355,236,000	(147,857,329)
Collective trusts	86,520,645	(8,193,648)
Microsoft Common Stock	21,058,957	(49,785,122)
Brokerage accounts	17,033,726	(15,718,917)
Total net appreciation (depreciation) in fair value of investments	\$871,446,428	\$(256,368,362)

NOTE 3: PARTICIPANT LOANS

Loans are available in \$100 increments from \$1,000 to \$49,500. The maximum loan amount is the lesser of (a) 50 percent of the vested account balance, reduced by the current outstanding balance of all other loans from the Plan; or (b) \$50,000, reduced by: (1) the outstanding balance of all other outstanding loans, and (2) the excess (if any) of all Plan loans during the previous 12 months over the current outstanding balance of Plan loans. Participants are limited to two loans – one Primary Residence Loan and one General Loan. The term of a Primary Residence Loan may not exceed 15 years or be less than 12 months from the first payment date. The term of a General Loan may not exceed five years or be less than 12 months from the first payment date.

The interest rate for loans is 1 percent plus the prime rate on corporate loans. The range of interest rates for outstanding Primary Residence Loans as of December 31, 2012 was 4.25 percent to 9.44 percent, maturing at various dates through February 2028. The range of interest rates for outstanding General Loans as of December 31, 2012 was 4.25 percent to 9.25 percent, maturing at various dates through January 2018.

Loan repayments are made through after-tax, semi-monthly payroll deductions. Employees who are terminated have 60 days to elect to continue to make loan repayments or payoff the loan in full. Failure of the employee to establish a loan repayment service or payoff the loan in full during this 60-day window results in a default of the loan, which is taxable income to the participant.

NOTE 4: TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan by a letter dated August 6, 2010, that the Plan is qualified as a tax-exempt plan under the appropriate sections of the Internal Revenue Code ("IRC"). The determination letter covered Plan amendments adopted from November 30, 2007 through December 18, 2009, and the trust agreement adopted on June 2, 2004. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan is tax-exempt as of the financial statement date and, accordingly, no provision for income taxes has been recorded.

Accounting principles generally accepted in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the Plan administrator has concluded that as of December 31, 2012 and 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. We continue to be subject to examination by the IRS for tax years 2004 to 2012.

NOTE 5: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include shares of mutual funds that are managed by affiliates of Fidelity. Fidelity is the trustee and third party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Transactions in Microsoft Common Stock also qualify as party-in-interest transactions. At December 31, 2012 and December 31, 2011, the Plan held 25,909,439 shares of Microsoft Common Stock valued at \$692,033,346 and 26,391,912 shares of Microsoft Common Stock valued at \$685,134,023, respectively. During the years ended December 31, 2012 and December 31, 2011, the Plan recorded Microsoft Common Stock dividend income of \$20,995,835 and \$17,999,224, respectively.

NOTE 6: FINANCIAL INSTRUMENTS

The Plan accounts for certain assets and liabilities at fair value. The hierarchy below lists three levels of fair value based on the extent to which inputs used in measuring fair value are observable in the market. The Plan categorizes each of our fair value measurements in one of these three levels based on the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

• Level 1 – inputs are based upon unadjusted quoted prices for identical instruments traded in active markets. Our Level 1 non-derivative investments primarily include U.S. treasuries, domestic and international equities, and exchange-traded mutual funds. Our Level 1 derivative assets include those traded on exchanges.

- Level 2 inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques (e.g. the Black-Scholes model) for which all significant inputs are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Where applicable, these models project future cash flows and discount the future amounts to a present value using market-based observable inputs including interest rate curves, foreign exchange rates, and forward and spot prices for currencies and commodities. Our Collective Trusts are valued using the net asset value provided by the trustee in order to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. Were the Plan to initiate a full redemption of the Collective Trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Our Level 2 non-derivative investments consist primarily of Collective Trusts, and mutual funds in our separately managed accounts. Our Level 2 derivative assets and liabilities primarily include certain over-the-counter futures contracts.
- Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques. At December 31, 2012 and December 31, 2011, the Plan did not hold any financial instruments in Level 3.

No significant transfers occurred between Level 1 and Level 2 for the years ended December 31, 2012 and 2011.

NOTE 7: DERIVATIVES

Investment managers acting under the Plan use derivative instruments to manage risks related to foreign currencies and interest rates; to enhance investment returns for the Plan; and to facilitate Plan portfolio diversification. Our Plan derivatives consist of over-the-counter foreign exchange forward contracts and exchange-traded futures contracts, as well as put and call options, for which no hedge accounting treatment is applied. The related notional amounts, gross fair values and amounts recognized in earnings were immaterial as of and for the years ended December 31, 2012 and 2011. These derivative instruments are a component of the "Other" caption of separately managed accounts in Note 6.

NOTE 8: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 which is the annual return/report for the Microsoft Corporation Savings Plus 401(k) Plan:

December 31,	2012	2011
Net assets available for benefits per the financial statements	\$8,698,654,776	\$7,326,531,250
Less benefits payable	(2,548,528)	(1,911,951)
Net assets available for benefits per the Form 5500	\$8,696,106,248	\$7,324,619,299

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500:

December 31,	2012	2011
Benefits paid to the participants per the financial statements	\$482,895,341	\$381,181,636
Plus change in benefits payable at year end	636,577	338,619
Benefits paid to the participants per the Form 5500	\$483,531,918	\$381,520,255

Benefits payable are recorded on the Form 5500 for payments to participants who requested payment by December 31 but had not been paid as of that date.
