The Compensation Committee of the Board of Directors (comprised entirely of non-employee directors) reviews and approves individual officer salaries, bonuses, and stock option grants. The Committee also reviews stock option grant programs for non-officer and officer employees.

Officers of the Company are paid salaries in line with their responsibilities. These salaries are structured so they are comparable with salaries paid by competitors in the computer and other relevant industries. Competitors selected for salary comparison purposes differ from the

companies included in the Nasdaq Computer Index, which is used in the Performance Graph that follows this report. Officers also participate in an Executive Bonus Plan. Each officer is eligible to receive a discretionary bonus of up to 100% of base salary based upon individually established performance goals. Officers (and other employees) are also eligible to receive stock option grants, which are intended to promote success by aligning employee financial interests with long-term shareholder value. Stock option grants are based on various subjective factors primarily relating to the responsibilities of the individual officers, and also to their expected future contributions and prior option grants.

As noted above, the Company's compensation policy is primarily based upon the practice of pay-for-performance. Section 162(m) of the Internal Revenue Code imposes a limitation on the deductibility of nonperformance-based compensation in excess of \$1 million paid to Named Executive Officers. The Committee currently believes that the Company should be able to continue to manage its executive compensation program for Named Executive Officers so as to preserve the related federal income tax deductions, although individual exceptions may occur.

The Compensation Committee annually reviews and approves the compensation of Steven A. Ballmer, Chief Executive Officer, and William H. Gates, the Chairman of the Board and Chief Software Architect. Messrs. Ballmer and Gates participate in an Executive Bonus Plan in which they are eligible to receive up to 100% of their base salary. Their bonuses are tied to corporate revenue and profit goals, which are reviewed by the Compensation Committee, to provide incentives for superior corporate performance. In addition, Messrs. Ballmer and Gates are significant shareholders in the Company; to the extent their performance translates into an increase in the value of the Company's stock, all shareholders, including Messrs. Ballmer and Gates, share the benefit.

Report of The Microsoft Corporation Board of Directors Audit Committee

The primary purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting process, and is more fully described in its charter which the Committee has adopted and is included as Exhibit I to this proxy statement.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls, and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. The Company's independent auditors, Deloitte & Touche LLP, are responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

The Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended June 30, 2001 with the Company's management and has discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards

msft 9 2001 Proxy Statement

Board Standard No. 61, as amended, "Communication with Audit Committees". In addition, Deloitte & Touche LLP has provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees", and the Audit Committee has discussed with Deloitte & Touche LLP their independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2001, for filing with the Securities and Exchange Commission.

2. SHAREHOLDER PROPOSAL

John C. Harrington, P.O. Box 6108, Napa, California 94981, has notified the Company that he intends to submit the following proposal at this year's annual meeting:

WHEREAS: our company's business practices in China respect human and labor rights of workers. The eleven principles below were designed to commit a company to a widely accepted and thorough set of human and labor rights standards for China. They were defined by the International Labor Organization and the United Nations Covenants on Economic, Social and Cultural Rights, and Civil, and Political Rights. They have been signed by the Chinese government and China's national laws.

- (1) No goods or products produced within our company's facilities or those of suppliers shall be manufactured by bonded labor, forced labor, within prison camps or as part of reform-through-labor or reeducation-through-labor programs.
- (2) Our facilities and suppliers shall adhere to wages that meet workers' basic needs, fair and decent working hours, and at a minimum, to the wage and hour guidelines provided by China's national labor laws.
- (3) Our facilities and suppliers shall prohibit the use of corporal punishment, any physical, sexual or verbal abuse or harassment of workers.
- (4) Our facilities and suppliers shall use production methods that do not negatively affect the worker's occupational safety and health.
- (5) Our facilities and suppliers shall not call on police or military to enter their premises to prevent workers from exercising their rights.

msft 10 2001 Proxy Statement

- (6) We shall undertake to promote the following freedoms among our employees and the employees of our suppliers: freedom of association and assembly, including the rights to form unions and bargain collectively; freedom of expression, and freedom from arbitrary arrest or detention.
- (7) Company employees and those of our suppliers shall not face discrimination in hiring, remuneration or promotion based on age, gender, marital status, pregnancy, ethnicity or region of origin.
- (8) Company employees and those of our suppliers shall not face discrimination in hiring, remuneration or promotion based on labor, political or religious activity, or on involvement in demonstrations, past records of arrests or internal exile for peaceful protest, or membership in organizations committed to non-violent social or political change.
- (9) Our facilities and suppliers shall use environmentally responsible methods of production that have minimum adverse impact on land, air and water quality.
- (10) Our facilities and suppliers shall prohibit child labor, at a minimum comply with guidelines on minimum age for employment within China's national labor laws.
- (11) We will issue annual statements to the Human Rights for Workers in China Working Group detailing our efforts to uphold these principles and to promote these basic freedoms.

RESOLVED: Shareholders request the Board to make all possible lawful efforts to implement and/or increase activity on each of the principles named above in the People's Republic of China.

SUPPORTING STATEMENT: As U.S. companies import more goods, consumer and shareholder concern is growing about working conditions in China that fall below basic standards of fair and humane treatment. We hope that our company can prove to be a leader in its industry and embrace these principles.

Vote Required and Board Recommendation

The affirmative vote of holders of a majority of the shares of common stock cast in person or by proxy at the meeting is required for approval of the proposal.

The Board recommends a vote against this proposal. The Company is committed to operating in full compliance with applicable laws in every country where it does business, including China. In 1991, the Company adopted the Microsoft Corporation Business Practice Standards and Compliance Policies to ensure compliance with the laws of the numerous countries in which the Company operates. These policies have proven effective and provide uniformity for the Company's worldwide operations, including its China operations. In addition, Microsoft already maintains strong policies designed to promote a healthy environment, prohibit harassment, and prohibit discrimination on the basis of race, age, gender, or national origin. The Board therefore believes that adoption of the shareholder proposal is unnecessary.

Furthermore, this proposal is virtually identical to a proposal submitted by Mr. Harrington for consideration at last year's annual meeting, where it was rejected overwhelmingly by the Company's shareholders, receiving less than 6% of the eligible votes.

The Board continues to believe adoption of the proposal is not necessary or in the best interests of the Company and recommends a vote against the proposal.

Proposals of Shareholders for 2002 Annual Meeting

To be considered for inclusion in next year's Proxy Statement, shareholder proposals must be received at Microsoft's principal executive offices no later than the close of business on May 30, 2002.

For any proposal that is not submitted for inclusion in next year's proxy statement (as described in the preceding paragraph) but is instead sought to be presented directly at next year's annual meeting, Securities and Exchange Commission rules permit management to vote proxies in its discretion if (a) the Company receives notice of the proposal before the close of business on

msft 11 2001 Proxy Statement

August 13, 2002 and advises stockholders in next year's proxy statement about the nature of the matter and how management intends to vote on such matter, or (b) does not receive notice of the proposal prior to the close of business on August 13, 2002.

Notices of intention to present proposals at the 2002 annual meeting should be addressed to Deputy General Counsel, Finance and Operations, Microsoft Corporation, One Microsoft Way Redmond, Washington 98052. The Company reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

Solicitation of Proxies

The Proxy accompanying this Proxy Statement is solicited by the Board of Directors of the Company. Proxies may be solicited by officers, directors, and regular supervisory and executive employees of the Company, none of whom will receive any additional compensation for their services. Also, W.F. Doring & Co. may solicit proxies at an approximate cost of \$15,000 plus reasonable expenses. Such solicitations may be made personally or by mail, facsimile, telephone, telegraph, messenger, or via the Internet. The Company will pay persons holding shares of common stock in their names or in the names of nominees, but not owning such shares beneficially, such as brokerage houses, banks, and other fiduciaries, for the expense of forwarding solicitation materials to their principals. All of the costs of solicitation of proxies will be paid by the Company.

Voting Procedures

Tabulation of Votes: Votes cast by proxy or in person at the meeting will be tabulated by Mellon Investor Services, LLC.

Effect of an Abstention and Broker Non-Votes: A shareholder who abstains from voting on any or all proposals will be included in the number of shareholders present at the meeting for the purpose of determining the presence of a quorum. Abstentions and broker non-votes will not be counted either in favor of or against the election of the nominees or other proposals. Under the rules of the National Association of Securities Dealers, brokers holding stock for the accounts of their clients who have not been given specific voting instructions as to a matter by their clients may vote their clients' proxies in their own discretion.

Auditors

Representatives of Deloitte & Touche LLP, independent public auditors for the Company for fiscal 2001 and the current fiscal year, will be present at the annual meeting, will have an opportunity to make a statement, and will be available to respond to appropriate questions.

Other Matters

The Board of Directors does not intend to bring any other business before the meeting, and so far as is known to the Board, no matters are to be brought before the meeting except as specified in the notice of the meeting. In addition to the scheduled items of business, the meeting may consider shareholder proposals (including proposals omitted from the Proxy Statement and form of Proxy pursuant to the Proxy Rules of the Securities and Exchange Commission) and matters relating to the conduct of the meeting. As to any other business that may properly come before the meeting, it is intended that proxies will be voted in respect thereof in accordance with the judgment of the persons voting such proxies.

DATED: Redmond, Washington, September 27, 2001.

Membership

The membership of the Committee shall consist of at least three directors who are generally knowledgeable in financial and auditing matters, including at least one member with accounting or related financial management expertise. Each member shall be free of any relationship that, in the opinion of the Board, would interfere with his or her individual exercise of independent judgment. The chairperson shall be appointed by the full Board.

Communications/Reporting

The Committee is expected to maintain free and open communication with the independent public accountants, the internal auditors, and the company's management. This communication shall include private executive sessions, at least annually, with each of these parties. The Committee chairperson shall report on Audit Committee activities to the full Board.

Authority

In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention, with full power to retain outside counsel or other experts for this purpose.

Responsibilities

The Committee's specific responsibilities in carrying out its oversight role are delineated in the Audit Committee Responsibilities Checklist. The responsibilities checklist will be updated annually to reflect changes in regulatory requirements, authoritative guidance, and evolving oversight practices. As the compendium of Committee responsibilities, the most recently updated responsibilities checklist will be considered to be an addendum to this charter.

The Committee relies on the expertise and knowledge of management, the internal auditors, and the independent auditor in carrying out its oversight responsibilities. Management of the company is responsible for determining the company's financial statements are complete, accurate, and in accordance with generally accepted accounting principles. The independent auditor is responsible for auditing the company's financial statements. It is not the duty of the Committee to plan or conduct audits, to determine that the financial statements are complete and accurate and are in accordance with generally accepted accounting principles, to conduct investigations, or to assure compliance with laws and regulations or the company's internal policies, procedures, and controls.
